# REPORT ON" WEAR HELMETS SAVE LIVES" AWARENESS PROGRAM

As per World Bank Report in February 2021, India accounts for 10% of global deaths in road accidents. In every four minutes one person dies and in the last decade, thirteen lakh people died and another fifty lakh got injured on Indian roads .In view of this alarming situation the students of Sambhram Academy of Management Studies, School of Management decided to spread the message of obeying traffic rules and regulations and they organized an awareness program on December 18,2020 titled "Wear Helmets and Save Lives" in which both MBA and M.Com students carried placards depicting various slogans like "Stop Accidents Before They Stop You", "Alert Today Alive Tomorrow", "Love Safety Marry Rules Divorce Speed", "Better Late Than Never" and the like. They walked on the adjoining roads near the college campus and highlighted the message of preventing accidents by driving slowly and not breaking the traffic rules.

This program was an initiative on the Human Rights Cell of the college and the learning outcome to the students was to drive slowly and always follow the traffic rules.

# **Dengue Prevention Campaign-2019**

With a view to combat the dangerous and deadly disease dengue, the Centre for Social Concern (CSC) of Sambhram Academy of Management Studies arranged a "Dengue Prevention Campaign/Awareness Campaign" on September 27, 2019. The most effective way to get rid of dengue is awareness among the masses. All the MBA students of SAMS and teachers willingly and with much enthusiasm participated in this. We all joined our arms against the fear of dengue. Students all bore flags in our hands to give awareness message to the people of the adjoining area and Vaderahalli village. Some of us bore flags bearing preventive measures relating to how to tackle the disease. All of us went door to door campaigning in the locality beside our school. "We can conquer against dengue" – was our message. We also distributed pamphlets among the masses. All the students actively participated and generate awareness about the Dengue.
