Smoke Free Zone

An Educational Institution is supposed to be a place of reverence, so as smoking is supposed to be a bad habit and injurious to both active smokers and passive smokers the habit is not encouraged by the Management. The idea is to stop the smokers from smoking atleast for the duration in which they are in the campus, and discourage the habit of smoking.

GREEN CAMPUS INITIATION

The Management is in the practice of growing Ornamental plants, trees, lawn in order to make the Campus green zone which leads to congenial and healthy atmosphere for the students, faculty and others to pursue their chosen fields. By seeing the atmosphere in the campus, the students get used to the habit of greenery which they may pursue in other places when they once leave the campus.
